StrengthBank® for High Schools: A Relationship Skills Initiative

## STUDENT TESTIMONIALS

(directed to upcoming Sophomores from graduating Seniors)

... that you should actually take it seriously. If you're like me when someone gets up and talks, especially since it is not for a grade, you tend to zone out and not pay attention so well. I can tell you that I did this to our StrengthBank® talk group mentor for too long before I realized that what she was saying was actually useful, and makes good sense. Learn about what she has to say, and it will be fun anyways. She (the StrengthBank® Mentor) only wants you to be more successful so give the mentor a chance to. Good luck with your first year in high school and have fun. - Nick (Class of 2004)

...first off you will actually love your StrengthBank® Talk Group. It is fun and everyone opens up to talk and is not intimidated by anyone. If you are not sure what you want to do with yourself when you graduate, you will be the end of this year. Most importantly, you will find out so much about yourself

- Jennifer (Class of 2004)

... don't worry it will be fun. In this StrengthBank® Talk Group class you will be working on using your strengths, and even your weaknesses to make any volatile situation something that is diffusable. Remember to make a network of friends because you will need them sometime in high school; trust me, I needed mine multiple times every year. Best of luck, you might need, but don't let that sound too ominous, you'll do fine.

- Quinn (Class of 200)

I would like to advise you guys to learn [as] much as you can from the StrengthBank® project. I wish I could have started when I was a sophomore. When I was a sophomore, I don't even think we had a mentor and [as a] junior it didn't even seem like our mentor even cared. Even though [our StrengthBank®] mentor is the best mentor ever, I didn't quite accept her at first due to our past mentors. I thought I would rather just have a study hall but am glad that I couldn't now. It didn't take me long to notice that this StrengthBank® Talk

Group was something different. So before I go, remember to open up your hearts and minds and you will truly learn a lot about yourself.

- Tabytha (Class of 2004 )

I really liked Ms. Shelton; she's great . . . she is really funny too. And I love how [alive] she is and also sweet. I will never forget any of them (Mrs. Payne nor Mrs. Rector; they are all really great). They have taught us a lot about ourselves.

- Student (Class of 2006, Fall 2005 Talk Groups)

I really liked this class. Teachers were really nice and funny. I had a good time. I can say that I looked forward to this. I'm definitely going to miss this. You'll have fun by learning what [you're] good at and what you should, or want to, be when you grow up.

- Student (Class of 2009, Fall 2005 Talk Groups)

This was a very awesome time in this class! You learn a lot about who you are as a person and who you wanna be when [you're] older! Don't be afraid to be yourself around anyone! You'll feel very [welcome] . . . promise!

- Student (Class of 2009, Fall 2005 Talk Groups)

Pick a dream you love, stick with it, and never lose hope!

- Student (Class of 2008, Fall 2005 Talk Groups)

... that this really was a fun class, especially with StrengthBank®. I made new friends and learned a lot. This really was awesome. Follow your dreams! HAVE FUN!!

- Student (Class of 2009, Fall 2005 Talk Groups)

... that ya'll helped me to realize my strengths in what I want to do when I get older. Ya'll also helped me to see the different personalities and realize that it's very good to try and have a little of all animals.

- Student (Class of 2006, Fall 2005 Talk Groups)

Other kids should pay attention to this class 'cuz they could learn a lot and know what to do and how to work with people in the future.

- Maria ( Fall 2005 Talk Groups)

I had a lot of fun in this class; it helped me know the real me and how I need to try to clean up my personality. At first I didn't like it, but then I did, and I would like to thank Mrs. Bankston for helping me through my shyness (but sometimes I still am), but this helped me to like talking to a lot of people at once.

- Student ( Fall 2005 Talk Groups)

Um ... If you pay attention to this class, you will learn something about yourself. This class helped me learn more about me, and what I want to do when I leave high school. It also helps you learn more about your classmates and how to talk with other people that are hard to get along with, so you should take this lesson and learn from it. I promise you that this will help you in the real world.

- Student (Class of 2006, Fall 2005 Talk Groups)

You will have a lot of fun and experience in this class. You will have an opportunity to learn how to get along with other people and how to make yourself feel better about yourself.

- Student (Class of 2008, Fall 2005 Talk Groups)

I really had a lot of fun during this group. We got to eat lots of things. You will be learning about StrengthBank®. You will also learn about different animals and their strengths and find out what #1,2,3,4 animals you are.

- Student (Class of 2009, Fall 2005 Talk Groups)

It was fun in this class; you learn what your personality is like and what animal you are most like.

- Student (Class of 2009, Fall 2005 Talk Groups)

What I learned in the talk group that I would never even [have] thought before was that 4 different animal groups and how all the students in my class fit into those groups. I learned that I was a "chimp" and that makes so much sense to me 'cause of what you thought ... and how we learn to work with the other people in the different groups. And also, it made us think what we want for our futures, for now anyway ...

- Jennifer (Class of 2008, Fall 2005 Talk Groups)

This helped me learn my attitude and how much my #1 animal really is a mustang. I never would have known I was or acted like a mustang. You learn about other people and what they would like to be when they are older or in their future. This group is helpful and determines you to want to learn more. I now know an idea of what I would really love to be when I'm older.

- Chelcie (Class of 2009, Fall 2005 Talk Groups)

I've learned a lot about that I'm a "mustang"; and, the ladies were awesome! Thank you so much.

- Krissy (Class of 2007, Fall 2005 Talk Groups)

I experienced people coming into my class and teaching. Now, you can go into [animals] "gone bad land" and "good land". I was a number 1 Chimpanzee, which means I am people-oriented.

- Student (Class of 2008, Fall 2005 Talk Groups)

I had a lot of fun, and I learned a lot about character and about my classmates. I met new people and had fun every Thursday in Coach Bankston's class. I have knowledge of how it takes a lot of cooperation of different personalities to come to center and have an effectiveness.

- Student (Class of 2007, Fall 2005 Talk Groups)

It was helpful in that I know how to understand where others are coming from and how to relate what kind

of people I need around me to reach my full potential.

- Student (Class of 2007, Fall 2005 Talk Groups)

You will have a lot of fun and a lot of experience on learning the different kinds of attitudes and personalities, and how to get along better with those people.
